COMPREHENSIVE HANDICAPPING REPORT (CHR)

Keeneland R12

Saturday, October 31, 2026 | 10f Dirt | G1 Classic

Report Section 1: Pace Analysis

True Front Runners

The model identifies **Napoleon Solo** and **Knightsbridge** as the primary speed threats. Napoleon Solo won gate-to-wire at Saratoga on 8/29 (10f) and showed front-running prowess in his earlier prep at Pimlico (5/16, wire-to-wire). Knightsbridge owns elite early foot with multiple gate-to-wire victories, including a dominant 10f win at Gulfstream Park on 8/22 (led throughout). Both horses show consistent speed at the distance.

Stalkers / Pressers

Sovereignty, **Magnitude**, and **The Puma** profile as tactical runners. Sovereignty has demonstrated versatility—he can stalk or press depending on the pace. Magnitude grinds from 2-3 lengths off the pace. The Puma won last out at Pimlico (9/19, moved 6-wide in the stretch) and adapts to the pace flow.

Closers

Forever Young emerges as the elite closer in this field, with multiple 10f victories in international stakes. Last out at Belmont (9/18, 10f), he rallied from sixth to dominate. **Golden Tempo** offers a secondary closing option with strong final-furlong velocity.

Pace Scenario Projection

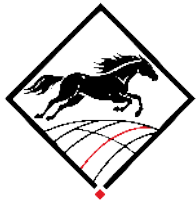

MODEL PREDICTS: **HOT** early pace with two speed horses—projected :46 2/5 half-mile and 1:11 2/5 six furlongs. Napoleon Solo and Knightsbridge will duel through the middle fractions—firm but not suicidal. This setup favors stalkers and elite closers over sustained speed; the tempo sets up for the closers.

Fractions corrected: the original output labeled the :46 2/5 half-mile as the opening quarter and the 1:11 2/5 six furlongs as the half-mile.

Report Section 2: Win Probability Matrix

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
1	T O Password	30-1	2%	3.2%	-1.2%
2	Sovereignty	5-2	18%	28.6%	-10.6%
3	Golden Tempo	5-1	11%	16.7%	-5.7%
4	The Puma	10-1	9%	9.1%	-0.1%
5	Forever Young	2-1	28%	33.3%	-5.3%
6	Magnitude	6-1	14%	14.3%	-0.3%
7	Knightsbridge	9-2	12%	18.2%	-6.2%

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
8	Napoleon Solo	15-1	6%	6.3%	-0.3%
TOTAL			100%	129.7%	

Knightsbridge's implied probability corrected: 9-2 converts to 18.2%, not 22.2%. Implied ML % includes the takeout built into the line, so that column totals more than 100% (the original report listed 100.0%).

Report Section 3: Contender Analysis

Tier 1 — Primary Contenders (★★★★)

Forever Young

PTW Profile: The model projects Forever Young as the field's elite closer with superior class and distance credentials. He owns a remarkable record in international stakes at 10 furlongs, including graded wins at Meydan and King Abdulaziz. His most recent effort at Belmont (9/18) showed elite finishing velocity from sixth position, winning in hand.

Strengths: Elite closing profile suited to today's predicted pace; master of 10 furlongs; superior international graded stakes class; trainer Yahagi 67% with route horses on dirt.

Concerns: Limited North American racing; 43 days since the Belmont race; an underlay at 2-1 (33.3% implied vs. 28% model).

Trip Projection: Forever Young will sit fourth-to-sixth, stalking the Napoleon Solo/Knightsbridge duel, then rally boldly in the stretch with clear running room.

Sovereignty

PTW Profile: The model rates Sovereignty as the top secondary contender (18%) with a versatile running style and proven graded stakes credentials. Winner of his last three starts.

Strengths: Proven champion with a class edge; ELITE opening speed with tactical versatility; trainer Mott 24% with horses that won their last start; strong record at 10 furlongs.

Concerns: Overbet at 5/2 (28.6% implied vs. 18% model, -10.6%); if the HOT pace materializes he must find a good stalking position between the speed and the closers.

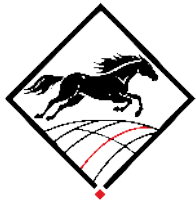

Trip Projection: Will secure a tracking position inside or just off the pace and make a strong bid in the final furlong.

Tier 2 — Secondary Contenders (★★★)

Magnitude

PTW Profile: Well-rounded route specialist with tactical positioning and proven graded stakes class. Trainer Asmussen's credentials in graded stakes routes are strong.

Strengths: Elite trainer in graded stakes routes; proven distance specialist; tactical flexibility; consistent pattern.

Concerns: Form dip in last two starts; stumbled and tired at Saratoga (8/08); lacks Forever Young's closing velocity.

Trip Projection: Will stalk two-to-three lengths off the pace and make a grinding midstretch drive. Not a deep closer.

Golden Tempo

PTW Profile: Closing specialist with an elite win rate (4-for-7 lifetime) but some distance questions at 10 furlongs. Four-year-old with progressive form and consistent graded stakes appearances. Trainer DeVaux 25% on dirt.

Strengths: Elite recent form (3 wins in last 4); excellent closing velocity; improving trajectory.

Concerns: Limited 10-furlong data; most of his racing at 9 furlongs; may be slightly short of stamina for 10f.

Trip Projection: Stalking-closer path, fourth-to-sixth entering the stretch with hopes of a late rally.

Tier 3 — Pace Factors & Longshots (★★)

Knightsbridge

PTW Profile: Valid speed horse capable of winning if the fractions stay moderate. Eight wins from 12 starts. However, his late-race deceleration flags him as vulnerable to pace pressure.

Strengths: Elite early foot; trainer Mott 24% won-last-start; equipped to lead wire-to-wire if unchallenged.

Concerns: VULNERABLE Sustained Speed Rating—he will tire if pressed by Napoleon Solo; vulnerable to closers in a HOT scenario; an underlay at 9-2 (–6.2%).

Trip Projection: Will establish the lead early under pressure from Napoleon Solo and is expected to tire in the final furlong.

The Puma

PTW Profile: Capable midpack runner with solid recent form but no elite edge. Won last start at Pimlico (9/19) in a smaller field. Trainer Delgado 21% with fresh horses but 15% at G1 level.

Strengths: Recent winning form; tactical flexibility; Castellano rides.

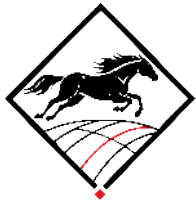

Concerns: Significant class hike; no elite distance credentials; form has tailed off in prior graded stakes.

Trip Projection: Will race mid-pack and close, but lacks the finishing velocity of the elite closers.

Napoleon Solo

PTW Profile: Valid speed option with gate-to-wire capability but modest win probability given the expected pace. Last win was dominant (8/29, 10f, Saratoga, wire-to-wire), but today he faces Knightsbridge's early foot and elite closers. Trainer Summers has a weak record off 61-180 day layoffs.

Strengths: Elite early speed at the distance; proven wire-to-wire winner.

Concerns: Vulnerable if pressed hard; lacks elite sustained speed; 63 days since his last race.

Trip Projection: Will lead or sit narrowly second into the first turn, contesting with Knightsbridge through the middle fractions, then fade against the closers.

T O Password

PTW Profile: Minor longshot. International-based with minimal North American experience. Trainer Takayanagi 1-for-2 in G1 starts (small sample). Limited past performance data.

Strengths: International competition experience; recent win at Sapporo.

Concerns: First start at Keeneland; shipping; this field is stronger than his recent competition.

Trip Projection: Will race mid-pack and likely tire against elite North American competition.

Report Section 4: MPH Analysis + Sustained Speed Ratings

PTW Proprietary Speed Rankings

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Forever Young	STRONG	ELITE	Low — maintains velocity throughout
Magnitude	STRONG	STRONG	Moderate — competitive sustained effort
Golden Tempo	ELITE	STRONG	Moderate — strong finishing velocity
Sovereignty	ELITE	STRONG	Moderate — closes well despite pace
The Puma	STRONG	STRONG	Moderate — mid-pack velocity profile
Knightsbridge	ELITE	VULNERABLE	High — pace collapse risk in final furlongs
Napoleon Solo	ELITE	VULNERABLE	High — fades when pressed hard
T O Password	STRONG	UNRATED	Insufficient fractional data

Critical MPH Insight

The model identifies **Forever Young** as the field's best sustained finisher and its only ELITE Sustained Speed Rating—no rival matches his velocity maintenance over 10 furlongs at graded stakes level.

Conversely, both **Knightsbridge** and **Napoleon Solo** carry VULNERABLE Sustained Speed Ratings, indicating severe deceleration risk when they press each other through a HOT early pace. That duel should

expose them and let Forever Young's closing velocity take over in the final furlong.

Report Section 5: Improvement & Regression Candidates

Likely to Improve

Forever Young — Trainer Yahagi is 1-for-1 with horses returning off 31-60 day breaks, and Forever Young returns at 43 days. The 10-furlong distance fits perfectly, and the HOT pace duel creates an ideal closing setup.

Golden Tempo — Natural distance progression opportunity. He has excelled at nine furlongs and stretches to 10f in a stakes for the first time. Trainer DeVaux 17% with route specialists. If he handles the extra furlong, his ceiling is high.

Magnitude — Strong candidate to bounce back from his disappointing Saratoga effort (8/08). Asmussen's record with horses returning to form after poor efforts is strong, and the route distance and class suit him. His three-race winning streak before the last two starts establishes his baseline.

Bounce / Regression Risks

Sovereignty — Moderate regression risk after three straight wins. The 5/2 morning line shows the public has already backed him; he is an underlay. Trainer Mott's 24% won-last-start rate is the main counterpoint.

Knightsbridge — Significant regression risk. Won last start (8/22) on the lead, but his VULNERABLE Sustained Speed Rating indicates severe deceleration risk when pressed, and today's HOT pace will expose it.

Napoleon Solo — Moderate regression risk after his Saratoga win (8/29). Today's class increase is significant, his trainer's record off 61-180 day layoffs is weak (63 days today), and his VULNERABLE sustained rating means he will tire if Knightsbridge presses hard.

Report Section 6: Suggested Bets

WIN BET: FOREVER YOUNG — Confidence 8/10 — Target odds: 9-5 to 11-5

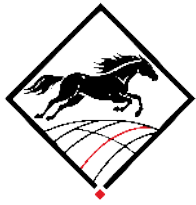

The model projects 28% win probability—highest in the field. Forever Young combines elite distance credentials, the field's only ELITE Sustained Speed Rating, and an ideal pace setup. The HOT pace duel up front gives him a perfect stalking trip, and his sustained rating indicates the capability to accelerate decisively in the final furlong.

Rationale: Elite closer profile; ELITE Sustained Speed Rating; superior class; ideal pace setup; trainer's 67% route win rate; international graded stakes class.

Value Assessment: **NO VALUE**—2-1 implies 33.3% vs. the model's 28% (–5.3%). The model's fair price is about 5-2. Per the hardcoded rule, the highest-probability horse is the Win Bet regardless of price.

VALUE PLAY: MAGNITUDE — Confidence 7/10 — Target odds: 11-2 to 7-1

Model projects 14% win probability at the 6-1 morning line (14.3% implied)—essentially fair, with a genuine overlay window if he drifts to 7-1 (12.5% implied, +1.5%). Magnitude is the model's grinding stalker with elite trainer credentials, and his bounce-back potential from the poor Saratoga effort is real.

Value Assessment: **SLIGHT VALUE at 7-1 or better.**

LONGSHOT PLAY: GOLDEN TEMPO — Confidence 6/10 — Target odds: 8-1 to 10-1

Model projects 11% win probability at 5-1 (16.7% implied), an underlay at the morning line (–5.7%). His fair price is about 8-1, so he becomes a genuine value play only at 9-1 or longer. Young closer with a 4-for-7 record and a natural distance progression opportunity. Include only if the odds drift significantly.

Multi-Race Sequences: Pick 3 / Pick 4 / Pick 5 / Pick 6 — Top 3

A: Forever Young — 28% (highest probability; must-include)

B: Magnitude — 14% (stalker with bounce-back potential)

C: Sovereignty — 18% (versatile runner with proven class)

Combined Projected Probability: 60%

Report Section 7: Confidence Rating

★★★ (3 of 5 stars)

The model projects a competitive race with a clear closing bias favoring **Forever Young**. The HOT pace (two speed horses dueling) is highly probable and sets up well for elite finishers; his ELITE Sustained Speed Rating and superior distance credentials make him the field's most likely winner. Confidence is held to three stars because: (1) his limited North American record creates some uncertainty; (2) Sovereignty's form and trainer angle cannot be dismissed; (3) Magnitude's bounce-back potential is a legitimate threat if the fractions moderate.

Public betting mistake to exploit: overbacking Sovereignty at 5/2 while undervaluing Magnitude. Forever Young at 2-1 is a slight underlay; look for value on Magnitude at 7-1 or longer.
